

Cody Bruggemeyer,
International Project Manager
brugg091@umn.edu

Cody is a junior majoring in Biomedical Engineering at the University of Minnesota from Topeka, Kansas.

He is also involved in Engineers Without Borders and Honors Ambassadors. He currently works as a Community Advisor on campus and performs research in the Skubitz lab in the Department of Laboratory Medicine and Pathology. In his free time, Cody enjoys reading, photography, hiking, and scouring the city for new restaurants.
